## **Calculated Draw length**

| <b>Draw Length</b> |       | Bow Size |       | Arm Span |       |
|--------------------|-------|----------|-------|----------|-------|
| Lower              | Upper | Lower    | Upper | Lower    | Upper |
| 14                 | 16    | 48       | 54    | 35       | 40    |
| 16                 | 20    | 54       | 58    | 40       | 50    |
| 20                 | 22    | 58       | 62    | 50       | 55    |
| 22                 | 24    | 62       | 64    | 55       | 60    |
| 24                 | 26    | 64       | 66    | 60       | 65    |
| 26                 | 28    | 66       | 68    | 65       | 70    |
| 28                 | 30    | 68       | 70    | 70       | 75    |
| 30                 | 32    | 70       | 72    | 75       | 80    |

When giving someone a bow first measure their arm span finger tip to finger tip.

An Archer can shoot a larger bow but should not shoot a smaller bow.

**Example:** An archers arm span falls in the green zone. Therefor they should shoot a Green marked bow. However they could shoot Blue or Red marked bow but should not shoot one that is marked Orange or Yellow.

All measurements are in inches
